S L DHANUKA GIRLS' HOSTEL

Our hostel is spread over a sprawling 1 acre area on the main Diamond Harbour Road and is just a kilometre away from Behala Chowrasta. 80,000 sq.ft living area across G+7 storied building offering all possible facilities for the student boarders. Having the capacity to accommodate 392 boarders we are the largest ever girls' hostel in Eastern India with all the modern facilities run by mostly well trained female staff and management.

Our main aim is to provide clean and clear, safe, spacious homely atmosphere to the girls' who are coming from outside Kolkata for their professional studies like CA, CS, CFA, ICWA, and Graduation or higher studies, at an affordable cost.

One can get a lovely open view of green Calcutta from our vast roof top, where girls can enjoy their winter afternoons and breezy summer evenings. Life is fun in S.L. Dhanuka Girls' Hostel which is at the same time ideal for uninterrupted studies with well stocked AC library and video conferencing coaching classes. Our library remains open till late night just to make studies more convenient after regular hours. Laundry facility and refreshing food, gym and in-house medical treatment room for emergency and a fully guarded campus can surely offer parents a tension free stay for their treasured daughter in Kolkata, especially when they are away from home.

The hostel will be supervised and managed exclusively by trained and expert executives mostly female, for a comfortable hassle-free stay. Special focus and attention will be given to the educational progress of the courses pursued by the girls. The venture is unique and one of its kind in Eastern India. One can explore much more on becoming a boarder.

The project is fully operational and the admission process has already begun. The hostel is ready for accommodation.

Seats will be released on first-come first-served basis to eligible candidates fulfilling requisite criteria.

Dhanuka Dhunseri Foundation

(Inheriting a rich tradition)

A three decade trust, formerly known as "Ramkishen Dhanuka Charity Trust", has a rich tradition of enriching lives of underprivileged thousands. The main objective of the foundation was providing aids with compassion and overall development of the society by promoting education. As we progress, we are working towards bridging the gap between the male and female child, early childhood care along with the mother, continuous development of community and providing grants to the educational institution for improving teaching infrastructure and administration. Widening medical access to the remote area and providing medical assistance to the needy is another silent work area of Dhanuka Dhunseri Foundation. We believe that overall progress of the society can only come with the help of a healthy body and an enlightened mind which is possible through proper education.
